Guardian focused on supporting other players, as well as hand-to-hand combat with Minions. It can become a wonderful hand-to-hand combat, inflicting elemental damage and a deadly launcher, which is not so easy to take down with an ordinary attack. Marauder's main attribute: Force startup attributes: (Force 32) (Dexterity 14) (Intelligence 14) Advancement Classes: Juggernaut, Berserker, ChieftainSuggested Builds: Melee, Physical and Fire Damage, Totems, Armor Marauder is ideal for those who want to play as a physical character or body-to-body oriented. Bonus damage, attack speed, critical strike damage and life, in exchange for greater damage the character will allow him to opponents long before they can counterattack.
